

2009 STREET MAINTENANCE PROGRAM

The Village's annual Street Maintenance Program will begin in April and should be completed in mid-August. The maintenance program will include 6.7 miles of asphalt resurfacing of Village streets preceded by patchwork and storm sewer repairs. Also included is the removal and replacement of 14,500 lineal feet of deteriorated curb and gutter, and 58,000 square feet of deteriorated residential and industrial sidewalk. The program is funded by the Motor Fuel Tax funds which are levied by the State and collected as part of the purchase price of gasoline and diesel fuel. The streets to be resurfaced as part of this year's program include:

<i>Street:</i>	<i>From:</i>	<i>To:</i>
